First-of-all, I pay for this service not anyone else. Second I enjoy this service, that I pay for. Third these weather and traffic reports are important to my time schedule, it helps me plan around tie-ups in traffic and or weather. I don't want you to mess with this media. The other media's doesn't give In-touch weather and traffic conditions, Some of ther broadcast are so old they could qualify for yesterday. Tell them to get up and compete, not use bigmoney lobbies to strangle the competitions out of bussness.

Sincerley Joseph C. Pritchard
